Field Action 10-104

Introduction

Think has decided to implement Field action on the vin label (Type approval label and COC document)

The reason for this field action is that it turns out that it is mounted a wrong type approval label. And There is a mistake in the COC document.

This applies for 73 vehicles from vin nr: YYCFT26B5AU005110 To YYCFT26B8AU005215

Remove the old type approval mark to replace it with the correct label. Attach the foil over the label.

Be sure new type approval mark are secure.

Replace the COC document.

We ask that this be carried out as soon as possible.
